Message from Administrator - Gerry Miller

We had a very successful season opening BBQ on July 12 as part of Nursing Home Week. Andy and Mark cooked up burgers and dogs and the dietary staff prepared a variety of salads, all excellent. Music was provided by Good Tyme Country and only 3 of the 120 LTC and RH residents were not able to come outside and enjoy the festivities. Thanks to all the staff for working so hard to ensure that the residents had a great time.

CLINICONEX

Many of you will already have received a call from Bayfield requesting, among other things, an email address and text number of the PoA or family member. This is in order to facilitate communication to families. We have been selected by Southbridge to pilot a new program called Cliniconex which will enable us to send out mass communications to alert families of incidents such as outbreak. We are also hoping to be able to use it for distribution of less urgent issues such as this newsletter. We'll keep you informed of developments.

Summer is finally here! We will be having BBQ lunches on Wednesday for the months of July and August. Lunch routine will remain the same served in the dining room. Kitchen staff will just use the BBQ to cook the meat and make home made salads to go along with the BBQ meat. Family please feel free to help yourself to a cold drink now available in the activity room over the summer months.
